First the landmark relationship book "The Rules" gave women guidelines for successful dating. Next came "He's Just Not That Into You" which helped women better understand men's dating behavior and what it really means. Now "He's Into You...But Is His Home?" explains how his environment may be sabotaging your relationship. Who knew that moving a few items could make such a big difference? Do you want to understand what's holding him back? Do you always have problems with relationships? Is he a nice guy...but not quite right? Do you want a shortcut to finding Mr. Wonderful? Are you recently divorced and don't want to make the same mistakes again? If you answered yes to any of these, then reading this book will really open your eyes. "Read a lover's environment like a book!"" "This deeply insightful book belongs in every woman's library. Helen Arabanos opens your Feng Shui eyes so that you can read a lover's environment like a book! Now you will know how to clearly interpret what you are seeing and feeling and make wise choices in your romantic relationships." Terah Kathryn Collins Best-selling author of The Western Guide to Feng Shui
